Payment Enclosed: \$ \_\_\_\_\_ Please Bill Me: \$ \_\_\_\_\_  
 Please Bill Town: \$ \_\_\_\_\_ Please Bill Association: \$ \_\_\_\_\_

# MSOA Annual Convention – March 9, 2023

## Parking

The SMAST campus has limited parking for large events. Event parking is restricted to the east end of the SMAST West parking lot, which can be accessed from the SMAST-West (706 South Rodney French Blvd). There is an additional 20+ parking spots in a gravel lot at the end of the SMAST West parking lot. There is a path at the end of the parking lot that will lead you to the bike and walking path along Rodney French Blvd. If the SMAST-West parking lot is full, there will likely also be space available in the South lot behind the new facility, which can be accessed from our SMAST East entrance via O’Connell Drive. We ask that attendees not park in the paved spaces directly behind the facility, but rather park in the spaces in the fenced in area in the rear parking lot (labeled “South lot” on the attached map). There are 4 handicap parking spots on the west side of SMAST-East and 4 electric car charging stations in the rear of the facility.
